

KPS Cyber Wellness Checklist

Responsible citizenship means practicing good ethical behavior and adhering to the 3 Key Principles under MOE’s Cyber Wellness Framework, whether online or offline.

Students are encouraged to model good digital citizenship by making sure their actions and choices do not disrupt the learning environment for themselves or others, just like in the classroom. In order to participate in the KPS online community, students agree to adhere to the KPS Cyber Wellness Checklist which outlines common expectations and serves to guide student use and behavior.
